Dear ACA Families,

I hope this email finds you and your families happy & healthy. We know this has been tough for everyone, and we miss each of our dancers so much!

We are in a situation that was a surprise and shock to us, but not God! Though details & plans are currently on a week to week basis, it is still ACA's plan to have our Recital, "2020 Vision". We believe God is telling us to "MOVE FORWARD". We need our dancers working hard and staying connected so that we are ready to move when the time is right.

I cannot thank our families enough for the support and encouragement that the entire faculty has received so far in this process. We truly feel the love and joy of our community around us. For as long as this lasts, we plan on providing a quality dance education to all of our students. The process of teaching virtually has taken many more hours of preparation and execution than a normal week of teaching in person at the studio, but we would do it again and again! Thank you for being patient with us during this time.

As a studio, we are still working each week to keep everyone dancing virtually. We have been paying our teachers fully to ensure that they are properly compensated for all of their time with this online process and can take care of themselves and their own families. This brings us to discussing tuition. We are providing a couple of options moving forward with tuition. If you feel that you are still in a fortunate position financially and are able to pay your full tuition, we deeply appreciate it. There will be no late fees for the month of April to allow our families some financial flexibility. We understand that, for many reasons, some of our families may be struggling financially during this time. We still want our dancers to find joy, distraction, and normalcy in dancing with us virtually. We want to extend help to any of our families that are finding themselves in a tougher financial situation right now by allowing you to split up April's tuition into 2 payments, while still receiving full instruction. We are also available to discuss with you any details of your particular need. We want to support you and all of our dancers right now. If you are in need of the tuition break option, please simply respond to this email by Friday, April 3. We will assume that if we do not hear from you that you plan to pay full tuition. Auto draft for families enrolled in this payment option will be processed on Monday, April 6 if we do not receive an email requesting otherwise by Friday, April 3.

Again, thank you all for your support of ACA. We will continue to reach out to our dancers, create new content and training for them, and share love and joy.

All the best to our ACA families,

Mrs. Natalie
